

Making a **difference** for future generations

About your nomination

Dear Anna,

We want to extend our heartfelt gratitude to your esteemed institution for participating in the nominations for the upcoming edition of our Preparation Centres Awards. Your dedication to excellence is truly commendable, and we are grateful for the opportunity to recognise and celebrate the outstanding efforts of schools like yours. We are overwhelmed and impressed by the hundreds of applications we have received. However, as in any award, only a small portion of schools got selected as winners.

While this year's outcome may not have aligned with your expectations, we want to emphasise that this is by no means a defeat. On the contrary, it serves as a powerful testament to your unwavering commitment to pushing boundaries and striving for excellence in education. Your passion for nurturing the next generation does not go unnoticed.

We genuinely appreciate all that you are doing for your students and your local community. Your innovative approaches, tireless efforts, and the positive impact you have on these young lives are truly inspiring. Remember, this journey is a continuous process of growth and improvement.

We encourage you to view this as a stepping stone and an opportunity to further showcase the incredible work your school is doing. Keep pushing the boundaries, keep innovating, and keep aspiring for greatness. Your resilience and dedication will undoubtedly make a lasting impact on the future.

Thank you once again for your participation, and we look forward to seeing your continued success in the forthcoming editions of the award.

Warm regards,

Cambridge University Press & Assessment, Italy
